

A Canadian software, systems, and supply vendor delivering across three procurement-coded pillars.

ScaleEasy delivers Canadian-resident software, systems integration, and supplied goods across three pillars — Digital Systems & Software, Defense & Public-Safety Technology, and Facility Systems & Industrial Supply — covering Goods, Services, and Services Tied to Goods procurement categories.

CAPABILITY PILLARS

P01 Digital Systems & Software

The systems that public-sector programs run on — built, secured, and supported.

P02 Defense & Public-Safety Technology

Software, integration, and analytics for defense and public-safety mandates.

P03 Facility Systems & Industrial Supply

Lighting, controls, and low-voltage systems for federal facilities and crown sites.
